## Consent for processing of personal data

I \_\_\_\_\_ am a student at Kristianstad University. One of my assignments is to document the activities of the preschool/recreation centre/compulsory school as part of the programme in which I am enrolled. Among my tasks are to improve my ability to work with children, strengthen my collaborative skills, become a more effective leader and assume responsibility for my learning process. Photographing, filming and recording episodes during my placement allow me to evolve professionally. The focus is on my career development rather than on children. My day-to-day duties include using a digital camera, photographs and audio recording while following the policies of the preschool/recreational centre/compulsory school. I use the documentation during discussions with my team at the university. I am responsible for ensuring that all images, videos and audiotapes are destroyed immediately after the course module is over. My goal is to photograph and film such that children can be identified to the least extent possible. I cannot, however, guarantee that a child will not be seen in an image or heard in an audio recording. Thus, I process personal data and require the consent of legal guardians.

Your consent is valid until further notice. You have the right to withdraw your consent at any time. All you need to do is contact me. Withdrawing your consent does not affect the legality of my having processed the personal data up to that point. You are also entitled to contact us for information concerning the personal data about your child that we are processing, or to request that the data be corrected, transferred, deleted or restricted. To take advantage of your rights, write to our data protection officer at [dataskyddsbud@hkr.se](mailto:dataskyddsbud@hkr.se). Kristianstad University, corporate identity no. 202100-3195, is the personal data controller.

You have the right to contact the Swedish Data Protection Authority at [datainspektionen@datainspektionen.se](mailto:datainspektionen@datainspektionen.se) if you believe that we are processing personal data incorrectly.

This is my consent for Kristianstad University to process personal data about my child in accordance with the above information.
