

Welcome to

Movement, Fundamental Motor Skills and Physical Activity among Preschool Children

Nordic Conference on October 3rd, 2019 in Kristianstad, Sweden

We invite preschool teachers, head masters and administrators, school nurses, staff from child health care centers, university teachers in teacher education and everyone interested in physical education in early childhood education and care. The aim of the conference is to highlight several scientific perspectives focusing on young children's movement, fundamental motor skills and physical activity for actual and future health

Well renowned researchers from the Nordic countries (Denmark, Norway, Finland, Iceland and Sweden) and from Japan will present actual research in this topic. The official language of the Conference is English and the Nordic languages.
